SUMMARY

Full-stack developer with 3+ years of experience creating responsive and pixel-perfect user interfaces. Skilled in HTML, CSS, JavaScript, React, and Next.js, with a strong focus on turning designs into functional, accessible, and high-performing web experiences. I enjoy working closely with designers and developers to deliver products that are both visually polished and user-friendly.

SKILLS

Frontend: HTML, CSS, JavaScript (ES6+), React, Next.js, Redux, Tailwind CSS
Backend: Ruby On Rails, Node.js, PostgreSQL, MongoDB (Learning)
Design & Collaboration: Pixel-perfect UI implementation, Responsive & Mobile-first Design Accessibility (WCAG principles), Figma, UI/UX collaboration, Design-to-Code translation.
Tools & Methods: Git/GitHub (branching, pull requests, code reviews), REST APIs, Debugging Performance Optimization, Clean Code, Modern CSS techniques, AI coding assistants (ChatGPT, GitHub Copilot)
Professional: Communication, Cross-functional Collaboration, Teamwork, Remote Pair Programming, Self-Learning, Code Reviewing & Mentoring

EXPERIENCE

TwiceDev **Remote**
Founder & Creator(Part TIme**)** Feb 2025 - Present

- Founded and launched **TwiceDev**, a learning platform focused on simplifying complex Frontend topics such as JavaScript and CSS, and covering everything from site architecture to UI/UX, SEO, and overall content strategy.
- Researched, wrote, and published **47+ detailed technical articles** (and counting), providing clear, high-quality explanations to help developers understand tricky Frontend concepts.
- **Built LaunchFolio**, an end-to-end **portfolio builder project** using **Next.js**, designed to provide full flexibility for users and professionals while addressing specific industry needs with a modern, scalable web solution.

Winston Marriot Ltd **Remote, UK**
Frontend Developer(Full Time**)** July 2024 - Mar 2025

- **Developed and launched** two major websites, achieving a **300% improvement in UI design** and increasing website speed by **30%** through the removal of redundant code and optimization techniques.

MICROVERSE **Remote, USA**
Mentor (Volunteer) Feb 2023 – Oct 2023

- Mentored an average of **5 junior web developers** weekly through Zoom and Slack, providing effective guidance and support.
- **Awarded a T-shirt** by Microvese for being the top collaborator of the month, recognizing exceptional contributions and teamwork.

My Projects

- **Pondesk**: Redesigned the entire website frontend from scratch as the sole developer, ensuring full responsiveness and complete functionality.
  Built with: PHP**,** HTML, CSS, & JavaScript
- **Recipe App**: Designed and developed a user-friendly, full-stack website that allows users to create recipes and share them publicly or privately, offering a flexible and personalized experience.
  Built with: Ruby on Rails, CSS, Tailwind CSS

EDUCATION

MICROVERSE Jan 2023 – Feb 2024
Remote Full-Stack Web Development Program, Full-Time

- Spend 1300+ hours mastering algorithms, data structures, and full-stack development while simultaneously developing projects with JavaScript, React, Redux, HTML5 & CSS3.
- Develop skills in remote pair programming using GitHub, industry-standard Gitflow, and daily standups to communicate and collaborate with international remote developers.
